

1 of 1

Dear Parishioners,
Please DONATE today, and help the
homeless men of our community.
Your support and kindness
is their HOPE!

My name is Christina Nixon and I started Sacks of Hope 3 years ago. I have been so thankful and amazed at the generosity of my family, friends and strangers who have come together to help me give back to the community. I wanted to do something specifically for the homeless men of our community. Seeing these men making a box their home on the streets of Charlotte, I couldn't help but think if at one time they were fathers, husbands, and brothers who today have lost their way. These men are now most vulnerable, needing a little bit of hope. I wanted to let them know they mattered. My first year I passed out 20 backpacks filled with men's toiletries, boxed snacks, socks, gloves and hats. With your help, donations grew and I passed out 125 backpacks last year. That was 125 smiles, 125 thankful souls, 125 Sacks of HOPE. This year I want to do the same and pass out 125 backpacks!!!

I know with your generosity and help, it can be achieved. Today I am reaching out to you and I know these are unsettling times, but I thank you from the bottom of my heart for your support and kindness. Let us get started filling up those backpacks and share Sacks of HOPE for the homeless men of our community.
