

PILGRIMAGE OF DISCOVERY PRESENTATION

*A Transformative 7-Day, Expenses-Paid Journey
Through Constantinople*

Join us in the **Father "C" Hall** after the 2nd Divine Liturgy **December 8th** to hear *2024 POD recipient Eliana Davis'* experience and *Archon Frank Boardman* discuss the pilgrimage's impact on the Ecumenical Patriarchate.

The Pilgrimage of Discovery annual program is a 7-day, all-expense paid, religious and cultural annual summer journey to Constantinople awarded to Orthodox Christian young adults across America, connecting them with their ancestral religious roots. Participants deepen their Orthodox faith through a curated, guided experience, exploring holy sites, having a private audience with His All Holiness Ecumenical Patriarch Bartholomew, and much more. This immersive journey creates a lasting impact on identity, faith, family, community and culture and helps secure the continuity of the Orthodox church from a grassroots level.
